Summer Math Learning Calendar

For Students Entering Kindergarten

Discover math all around you this summer!!!

In the summer calendar, you will find creative math activities to explore at home with your child. Enjoy thinking and talking together about what you notice and wonder about numbers and shapes. While your child is exploring, ask how they discovered the answer!

The Summer Math Learning Packet consists of 2 calendar pages, one for July and one for August. Literature and websites are also recommended to explore mathematics in new ways. You can help your child keep track of what they find in a simple math notebook.
